

Testimonial: from Tidcombe Primary School - Tiverton

"Prompt, efficient and very, very helpful! That's how I would describe my experience with BSB, who have just installed our splendid new playground canopy. I liked what I saw on their website but before I contacted them I checked all there references. All three schools I spoke to were unanimous in their praise.

It isn't often that school suppliers are so easy to work with, but BSB seems to have got the formula just right, understanding OUR needs and delivering a valuable new asset for the school."

Tidcombe head teacher Simon Green tests the roof of his school's new playground canopy.

Testimonial: from Jan Beames, Headteacher, Cherry Orchard Primary School

'Practical, well designed and safe ... the perfect solution for our school!'

"I don't know how we managed without it ..." says Cherry Orchard Headteacher Jan Beames, talking about her school's new all-weather playground shelter. "It's made a big improvement to our facilities and it sends an important message to our pupils' parents and carers that this school really cares about our community here in South East London. BSB did all the work during termtime, while the school was open. They were very good, there was absolutely no disruption."

The idea to invest in the shelter came from a school governor, keen to improve the facilities for those collecting children after school. No longer will parents have to stand in the rain, the new shelter and comfortable seating means parents and children are now dry and safe. And thanks to its UV resistant canopy, the shelter also protects the children from the sun's harmful rays during playtime.

The shelter is part of Mrs Beames programme of expansion and modernisation for the school. "I'm very happy indeed. It's a lovely design and blends in perfectly with the architecture of the school."

"BSB did all the work during termtime. They were very good, there was absolutely no disruption."

Testimonial: from St Faiths Church of England Primary School, Wandsworth

New learning and play area created with BSB 'cutting edge design' shelter. 'It's beautifully engineered and it's exactly right for our children and our school.' says St Faiths Head.

'We're so happy with our new shelter. It's a cutting edge design and beautifully engineered - the ideal solution for creating a covered learning and play area for St Faiths. BSB weren't the cheapest but we got exactly what we wanted. We could have bought from a catalogue but we wanted a canopy that was exactly right for our children and our school.'

BSB carried out the work with minimum supervision during the half-term break and everyone arrived and completed everything exactly as quoted. I'd be very happy to recommend BSB to any of my teaching colleagues."

"We could have bought from a catalogue but we wanted a canopy that was exactly right for our children and our school."

Testimonial: from Preston Park Primary school, Wembley

"I'm very pleased with our new shelters from BSB."
says John Redpath - Headteacher Preston Park

"The results are excellent - everyone is very pleased indeed! From the initial meeting with BSB, everything went very smoothly. BSB were quick off the mark - we received their quote in a matter of days and we didn't have to wait around for anything. They could have done the whole job in the time it took for the other quotes to come in.

We've now got some excellent playground shelters and my teaching colleagues will make full use of our outdoor space all year round.

The whole experience with BSB has been terrific. They were friendly and helpful from the start and they obviously knew what they were talking about. They listened to what we wanted and had lots of good ideas. I'd be very happy to recommend BSB to any school."

Testimonial: from Honilands Primary School, Enfield

New playground shelters: 'A big improvement ... on time and on budget.' says Enfield Head.

'Our new playground shelters have made a big improvement to our teaching and play space. BSB are very easy to work with. They took care of everything, it didn't take long, and all the work was finished on time, on budget and to a very high standard. I'm very pleased with the result and my pupils and colleagues really appreciate the improvements and the extra space.'

"Just a short note to say how impressed we are with our new shelters.

We appreciated the thoughts that you had for changing the original design. The workforce worked quickly and efficiently and we are really pleased with the finished effect. We would be happy to recommend BSB to anyone. Thanks once again".

Testimonial: from St Anne's CE School - Wandsworth

Recommendation by neighbouring school gets first class results for St Anne's.

"We needed to replace the dilapidated walkway that connected different parts for our school. BSB Outdoor Ltd came highly recommended by a neighbouring headteacher and they undertook the work quickly and efficiently and created a superb covered walkway which has made a huge improvement to the look of our school's open spaces.

The job needed someone with good ideas and common sense and Richard and his team got on with everything with the minimum of fuss. The final bill was exactly a quoted and everything was completed on schedule during the summer break.

I'd be more than happy to recommend BSB to anyone, especially a school with old and complicated architecture like ours."
